

Safety Kit

The personal protective equipment for handling plant protection agents

Long-sleeved apron

COENEN

The apron is suitable for handling concentrated plant protection agents. It is made of durable Flexothane® (Kleen quality, 100% waterproof, washable at 40°C) and meets current personal protective equipment requirements in plant protection.

Certification:

DIN EN ISO 27065 C3
DIN EN 14605 Type PB [4]

Labelled:

Protective goggles

UVEX Ultravision

The full-view goggles with unrestricted side vision are also suitable as over-goggles. Lens replacement is possible. The goggles offer protection against liquids, fine and coarse dust, etc. and meet current personal protective equipment requirements in plant protection.

Certification:

DIN EN 166 to
DIN EN 172

Chemical safety gloves

10 MAPA 381 Ultranitrl

The gloves meet current personal protective equipment requirements in plant protection.

Certification:

DIN EN ISO 374-1 Type A
ISO 18889 G2

Labelled:

Hand disinfection

Myxal SEPT 90 SE

The 100 ml bottle contains an alcohol-based solution for hygienic hand disinfection.

Eye rinsing solution

Plum Eyewash

The eye rinsing solution has a neutralising effect in accidents involving acids or alkali (pH-neutral, 4.9% phosphate, DUO eyecups, 500 ml).

Half mask

EKASTU Safety Polimask 230

incl. 1 combination filter A2B2E2K1P3

The half mask covers the mouth, nose and chin, protects against gases, fumes and dust and meets current personal protective equipment requirements in plant protection.

Certification:

Mask DIN EN 140
Filter DIN EN 143
DIN EN 14387
